Welcome to Hop City! With a small army of contributing collaborators and sponsors, the neighbourhood's on fine form. Back for another year is our annual ode to the mighty hop and all that it can do, in honour of the best weekend of the year. For this year's Hop City release we've put all our energy into just one product. Giving it the care and attention it deserves. The result is an uber juicy, unbelievably drinkable DDH IPA, with orange, sweet peach, mango, sharp passionfruit and bright lime filling all your senses. On a rich hazy base made with oats and wheat, it's got a long lingering texture to keep the flavours flowing. The beer showcases Indie Hops' Luminosa and Strata, El Dorado from Crosby Hops, and Galaxy and Citra in enhanced liquid format from Barth HaasX; all of these varieties made available by our festival sponsor, Brewers Select. As always, we've called...

Bluntrock / **Wasson**

Pale Ale - XPA (Extra Pale) / 3.4% ABV / 42 IBU / 102 CAL / Wadebridge, Cornwall

Taking its name from the classic Cornish greeting, Wasson is a nostalgic throwback to the early days of Bluntrock; a gorgeous little session pale ale that is full of character. Here for the beginning of the festive season. Dialled in at a lower ABV than our bigger IPAs, it's light, sessionable, and gushing with complex hop aroma. Showcasing more old school hop varieties with Enigma on the hot side, and Citra, Simcoe and Chinook in the cold side. It's very light golden in colour, with a milky haze, thick white foam, and superior head retention. Hits of pine spruce, ripe pineapple and mandarin aromas on the nose, with a clean mouthfeel and subtle bitterness.
