The Flying Dutchman Nomad / **Tree Hugging Wood Chopping Mother Nature Loving IPA**

IPA - American / 6% ABV / 70 IBU / 180 CAL / Vantaa, Uusimaa

3.60

We all should hug a tree more often. That's a scientific fact. Now you can conveniently and safely do it without stepping in to the wild and face bears and other scary things. Just sip this beautifully balanced IPA, which has been matured on a bed of American Oak chips. Brewed with Centennial, Mosaic and Citra hops it delivers very fresh citrus taste, which is nicely combined with pine tree flavour, and then followed by malty backbone. The long lasting after taste comes with hints of wood and vanilla. Damn that sounds good!

The Flying Dutchman Nomad / **More Complicated Than Your Girlfriend Stout**

Stout - Imperial / 8% ABV / 85 IBU / 240 CAL / Vantaa, Uusimaa

3.70

Yes, you love her. But oh boy can she be difficult. But then again did you want her to be the boring mass produced lager type, the vanilla of girl friends? Of course not. Celebrating the intricacies of relationship we created this Stout, which has a lot going on. It is matured on Coffee beans, Cocoa nibs, Bourbon Vanilla beans & Tahitian Vanilla beans. Wow, that sounded tasty. To top that, it is aged on American Oak chips. This is a big beer loaded with dark roasted malts. Your mouth will be filled with coffee and chocolate flavours, supported by the warmth of vanilla. All is balanced by a good load of hops, which will bring this beer to a bitterness of 85 EBU which we hope is much higher than in your relationship. Cheers to her!

Mongozo / **Mongozo Coconut**

Fruit Beer / 3.6% ABV / 5 IBU / 108 CAL / Melle, Vlaams Gewest

3.10

An exotic beer with the refreshing taste of coconut. Mongozo Buckwheat White forms the basis for this beer. A beer that is perfect for pairing with exotic dishes
