Polly's Brew / **Neither Odd Or Even**

Pale Ale - New England / 5.6% ABV / 168 CAL / Mold, Flintshire

3.90

Anybody who has followed the brewery long enough will know we love to smash together previous hop combos from our dearly departed Originals range and create modern day frankenstein'd-together bangers. Citra Columbus always has a special place in our heart, after a particularly memorable after-work "sampling session" held by Sean and Arron, and we were huge fans of the original version of Enigma Simcoe IPA, so much so that we carried it over to the Augment range that now holds the brewery up. Smashing the two together and reeling back the ABV to a more sessionable 5.6%, we've created a pale ale that brings a swag bag of stone fruit, mango, peach and tangerine notes to the party, with just a little grassy bitterness to boot.

Wold Top / **Marmalade Porter**

Porter - English / 5% ABV / 150 CAL / Driffield, East Riding of Yorkshire

3.50

Wold Top Marmalade Porter, a complex rich dark porter with a sweet malty base, overtones of bitter orange and hints of coffee and chocolate.

Daleside / **Old Legover**

This quaffable brown ale offers a distinctive nutty malt taste with a lingering whole leaf hop finish.

Verdant Brewing / **Roy, I Want A Hilux**

Pale Ale - New England / 5.2% ABV / 156 CAL / Penryn, Cornwall

Roy, I want a Hilux! Oh and an endless supply of this in my face, orange juice pale ale. Not any old orange juice mind, that posh stuff with bits in and bubbles and yeast and loads and loads of the juiciest hops, Cheers Roy! (No oranges are in this beer)
